

**Moray™**  
**micro forceps**

**US endoscopy**

*listening...and delivering solutions®*

## Purpose-built to more effectively acquire tissue samples...

The Moray™ micro forceps is designed to enhance sampling from lesions that can occur within and outside of the gastrointestinal tract - leading to a more definitive diagnosis and targeted therapy.

### *The single-use Moray™ micro forceps features...*

serrated jaws that  
effectively grab tissue

spring sheath allowing for  
use in tortuous positions

*compatible with most 19g FNA needles*

For more information on the Moray™ micro forceps, contact your local US Endoscopy representative today.
